

SKANEATELES CENTRAL SCHOOLS
Maintenance and Operations

May 7, 2021

Dear Parent, Guardian and School Staff:

New York State Education Law, Section 409-h, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the year.

As a reminder, the Skaneateles School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notification of certain pesticide applications. The following pesticide applications are not subject to prior notification requirements:

- A school remains unoccupied for a continuous 72 hours following an application;
- Anti-microbial products;
- Nonvolatile rodenticides in tamper resistant bait stations in areas inaccessible to children;
- Nonvolatile insecticidal baits in tamper resistant bait stations in areas inaccessible to children;
- Silica gels and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children;
- Boric acid and disodium tetrahydrate;
- The application of EPA designated biopesticides;
- The application of EPA designated exempt materials under 40CFR152.25;
- The use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list.

If you have not yet registered to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please complete the form below and return it to Connor Brown, the Skaneateles School District pesticide representative at: 45 E. Elizabeth Street, Skaneateles, NY 13152, 315-291-2221 (desk), 315- 685-0347 (fax), connorbrown@skanschools.org

Please feel free to contact Connor Brown, the Skaneateles School District pesticide representative at: (see contact information above) for further information on these requirements, including information on the products that have been applied in this school.
