November 20, 2020

Dear Skaneateles family,

This afternoon we learned that a student at Skaneateles Middle School tested positive for COVID-19. In consultation with the Onondaga County Health Department we identified each individual who meets the requirements for quarantine. Each person impacted will be contacted directly by the building Principal, Mr. Caraccio. The County Health Department will also be contacting these families individually to provide additional information.

As of this moment, we do not expect operations next week to be impacted by this event. Please contact the building Principal with any questions and we will continue to share additional information as it comes in via Onondaga and Cayuga County Health Departments. We continue to see infection caused by out of school exposure. Please be careful and remain vigilant as local rates of infection continue to trend in the wrong direction. School will resume as normal on Monday district-wide.

Stronger together,

Eric Knuth  
Superintendent of Schools
