February 4, 2021

Dear Skaneateles family,

Today we learned of a COVID-19 positive individual at Waterman Elementary School. Two teachers and 27 students were placed into precautionary quarantine as a result of exposure. We are required to follow rules set by our County Health Department and the New York State Department of Health in determining who meets the criteria for quarantine. We know the fear and inconvenience this causes in our community and we will always act in the interest of health and safety. As a resource for our families, the updated COVID-19 tool kit was released this week and can be found here [COVID toolkit](#).

While we continue to see the impact of COVID-19 in our community, we will mitigate risk of exposure in any way we can. To that end, we are working toward providing additional community-wide testing opportunities in partnership with the Onondaga County Department of Health. We will share additional details on testing opportunities once available.

Stronger together,

Eric Knuth  
Superintendent of Schools
