April 6, 2021

Dear Skaneateles Family,

Yesterday afternoon an asymptomatic COVID-19 positive case was discovered during our normal athletics testing program. This morning we were informed of a second asymptomatic COVID-19 case at our Middle School. All impacted students and families will be contacted today by our administrators and counseling team.

We thank you for your continued understanding that we are limited in what information we are permitted to share in order to protect the privacy of our students and families. In addition, any associated quarantine orders are directed by and made in close consultation with the Onondaga County Health Department. As a reminder, you can register below for the free weekly testing provided each Wednesday at our District offices. [Register for testing](#)

We will continue to share updated information as the rules and regulations involving COVID-19 are constantly evolving. For any students and families impacted by quarantine orders, we share in your frustration and encourage you to continue to work closely with teachers and your building principals.

Thank you all for your continued vigilance.

Stronger together,

Eric Knuth
Superintendent of Schools
