

OMER needs your help!

In order for Region 11 to have a successful tournament, approximately **100 judges** are needed. An Odyssey of the Mind Judge is someone who:

- Enjoys working with young people.
- Has been a former OotM Judge.
- Has been an OotM coach.
- Has been an OotM competitor (OotM judges must be 18 years of age).

Of course, no good deed goes unrewarded. Along with watching local students put their problem solving skills to work in a creative and entertaining manner, OotM Judges receive breakfast and lunch the day of the tournament and a very cool student-designed pin.

We are very proud of our Region 11 “OMERs”. For over 20 years, Region 11 has been proudly represented at a World Finals event by at least one local team. You may see a future World Finals championship team perform on March 25!
